

ST Georgios II morning cruise from Protaras for families

Generally

The St. Georgios is a true luxury yacht that will surpass your expectation's. Licensed for 145 people, we carry a maximum of 100. So there is always that feeling of space and comfort.

The top deck has comfortable booth style seating as well as bistro tables and stools. Here you will find the bar, serving all your favorite drinks including draught beer.

Our lounge area has ample seating, again in booth style, with cream leather seats that are complemented with beautiful black ash wood finishings. This area is air conditioned for you to enjoy the freshly cooked BBQ meal, or even to escape the heat of the summer when you need to cool off.

Explore the boat to find the very popular 'Captains Table' as well as the large AI fresco dining table and wrap around seating at the back of the boat.

Swimming is from the rear platform where there are 2 sets of steps to access the crystal clear waters of the blue lagoon and also to hopefully swim with turtles. There are fresh water showers at the swimming platform to rinse off after your swim.

A superb luxury yacht at a very affordable price.
